

Jayvier Professional Services LLC

26 NOV 24

At Jayvier Professional Services LLC, we strive to provide high-quality, professional services in alignment with industry and medical standards. To maintain the integrity of our operations and ensure fairness, we adhere to the following No Refund Policy:

1. Service Finality

Due to the nature of our services, which are tailored to individual client needs and often involve significant time, resources, and expertise, all payments are considered final once the service has been rendered or initiated.

2. Compliance with Medical Standards:

Our services comply with medical and professional standards, ensuring thoroughness and accuracy. Because of the critical and often irreversible nature of these services, refunds cannot be provided once the process begins or is completed.

3. Payment Policy:

Clients are required to review and acknowledge the scope of services before payment is made. This includes understanding the non-refundable nature of payments for all services provided by Jayvier Professional Services LLC.

4. Exception for Errors:

If an error is made on our part that does not meet professional or medical standards, we will take corrective measures to resolve the issue. This may include redoing the service or providing a credit for future services, at our discretion.

5. Deposits and Prepayments:

Any deposits or prepayments for services are also non-refundable, as these secure your scheduled service and allocate resources to your needs.

By engaging with Jayvier Professional Services LLC, you agree to this policy. We are committed to delivering the highest quality of service and addressing any concerns promptly and professionally.
